

# Guidelines for nominated ERASMUS students 2021/22 programme Erasmus+ partner countries (non-EU)

This document is a contractual document and is part of the Grant Agreement

## I. General information

### Registration and enrolment at the host university

After successfully applying to the Erasmus programme and being nominated by the Erasmus Departmental Co-ordinator, you must register at your host university before certain deadlines. You can usually find information about this on your host university's website or it may be sent to you by e-mail. Make sure that you submit your registration forms before the deadlines. If you miss the registration deadline, there is no guarantee that you will be able to take part in the Erasmus programme. Stay in contact with your host university in order to clarify any questions regarding arrival dates, deadlines, accommodation, course selection, enrolment, orientation programmes, etc.

### Accommodation

Students taking part in the Erasmus programme cannot be guaranteed accommodation. You must look for your own accommodation, either in your host university's student accommodation or private accommodation in the city where you will be staying. You can find information about this on your host university's website. Please note that rooms are usually leased on a first come, first served basis and that there is a severe lack of accommodation in large cities. It is therefore important to start looking for accommodation as early as possible.

### Insurance

The Erasmus mobility grant does **not** include any kind of insurance. Neither the EU nor FAU shall be held liable for damages resulting from illness, death, accident, injury, or loss or damage of possessions, which occur during time spent abroad. You are responsible for making sure that you have sufficient insurance cover. You should **make sure** that you have the following types of insurance: travel insurance, liability insurance, insurance for accident and severe illness, life insurance which covers appropriate risks (including repatriation).

In addition, you must have valid health insurance for the host country. For example, [you may apply for the DAAD's group insurance scheme](#).

### Contact details and spam folder

Please inform the Central Office for International Affairs S-International immediately of any changes to your personal contact data (address, phone, e-mail, emergency contact, bank account), even if your mobility period is over but you have not submitted all the required documents or they are still being processed by S-International (this is possible until September 2022). Please also check your spam e-mail folder regularly as important e-mails from S-International or the EU may be there.

### Country specific information

Country specific information regarding the current situation in destination countries can be found [on the pages of the German Federal Foreign Office in Germany](#). Participants should register on the pages of the Foreign Federal Office of their country especially when travelling to regions with critical travel security. [The system for German nationals is called ELEFAND](#).

### Funding

Your mobility grant is calculated according to the period stated on your Grant Agreement. The exact amount does not necessarily correspond to amount stated on your Grant Agreement – depending on the period you actually studied abroad physically (see point II documents to be submitted). The funding consists of a monthly subsistence grant and a travel grant. At the beginning of your physical stay abroad and after you have submitted all documents (Grant Agreement, certificate of enrolment at FAU, Learning Agreement, Confirmation of Stay, part: "Start"), 70% of the planned subsistence grant as well as 100% of the travel grant will be transferred to the German bank account stated in your Grant Agreement. You will receive the remaining 30% (or the new calculated amount – see example below) once you have completed your stay abroad and submitted all of the documents required according to article 4.2 of the Grant Agreement (confirmation of stay, online survey, final written report). In addition, you must also submit a Transcript of Records with at least 10 ECTS per semester (see point II) in order to avoid a request to return the grant.

## Grant amounts:

Funding amount: 700 € per month (equivalent to 30 funding days, regardless of whether the calendar consists of 28 or 30 days, i.e. per funding day  $700\text{€} : 30 = 23,33\text{€}$  (rounded up).

## Travel Grant:

| Single distance (km) according to EC distance calculator | Flat rates |
|--|------------|
| 10 – 99  | EUR 20     |
| 100 – 499  | EUR 180    |
| 500 – 1999   | EUR 275    |
| 2000 – 2999  | EUR 360    |
| 3000 – 3999  | EUR 530    |
| 4000 – 7999  | EUR 820    |
| 8000 or more   | EUR 1500   |

Grants can only be given for the period physically spent abroad and officially confirmed by your host university. This means that the final length of your stay can only be determined after you have returned from the host country (see confirmation of stay). However, the grant period does not have to be the same as the official mobility period, it may be shorter. If you receive too much grant money, you are required to return the excess and must return it immediately after you have been requested to do so.

According to EU regulations, for the purposes of grants, one month is taken to mean 30 days.

Unfortunately, you cannot receive a grant for any time spent abroad before and after the study period (e.g. while looking for accommodation or attending language courses before the start of the semester) or for online studies from Germany or any other than the host country.

**If you do not submit the documents listed under point II before the deadline, you will lose your Erasmus spot and will no longer be eligible for an Erasmus grant.**

Example: Mobility in Israel from 1 September 2021 to 31 January 2022, i.e. The grant is calculated for a physical stay of 5 months and 0 funding days or 150 funding days = 3.500€ in total. 2.450€ = 70% (first payment) and 1.050€ = 30% (second payment). However, after the end of your physical stay abroad, the duration according to the confirmation of stay is now from 1 September 2021 to 23 December 2021, i.e. 113 days in total. The new total grant is  $113 \times 23,33\text{€} = 2.636,29\text{€}$ . Since 2.450€ were already transferred as the first payment, the second payment is now  $2.636,29\text{€} - 2.450,00\text{€} = 186,29\text{€}$  instead of 1.050 € as originally planned.

Students who receive funding from other organisations (DFH, funding for gifted students, academic foundations, etc.) need to clarify with the organisation, which provides the funding, whether they are also allowed to accept an Erasmus mobility grant.

### Special funding

Information on additional funding within the Erasmus programme for parents and students with a degree of disability (Grad der Behinderung – GdB) assessed as at least 30 is available from the Central Office for International Affairs.

### Shortening or extending periods spent studying abroad with the Erasmus programme

**SHORTENING:** an Erasmus study mobility must last a minimum of 3 months (90 days) and may last a maximum of 12 months (360 days). Exceptions are made for trimesters or terms lasting less than 3 months, which are offered in some countries. Please note that two trimesters correspond to one FAU semester which means that you will receive the funding only for one semester.

However, this does not automatically mean that you may shorten or extend your stay as you wish, as the key factor is the nomination which you have been given by your Erasmus Departmental Co-ordinator at FAU and the Central Office for International Affairs.

If you have been nominated for a year and, once you are in the host country, decide to only stay for one semester, this is possible in cases where there is a valid reason. In this case, please inform your Erasmus co-ordinator at your university, the host university and, in particular, S-International in good time.

## EXTENDING:

If you have been nominated for one semester and, once you are in the host country, decide to stay for a second semester, this is only possible if you wish to extend your stay during a winter semester into the following summer semester. It is not possible to extend a stay during a summer semester into the following winter semester. Please submit an e-mail application for extension to S-International at least one month before the planned end of your stay. If your stay is extended, this does not mean that your grant will automatically be extended. Decisions about extending grants will be made on the basis of the funding available ('zero grant'). If you extend your stay, you will be provided with an extension to your Grant Agreement by S-International. Furthermore, a second Learning Agreement must be completed and submitted within the deadline.

If for academic purposes, you need to stay longer at the host institution (one week, one month) than the originally planned end date according to the Grant Agreement you will have to submit a request for extension to S-International. This request must be submitted at least one month before the planned end of your stay, otherwise only the end date mentioned in the Grant Agreement can be recognized as official end date of your stay.

### Withdrawal or discontinuation of studies

If want to or have to withdraw from the Erasmus programme before your departure, you must inform the S-International immediately and in writing stating your reasons.

If you terminate your Erasmus stay after less than 3 months (90 days) in your host country **without stating a reason**, you must return the full amount of your Erasmus grant which you already have received up until this time. You will not be required to return your grant if you terminate your stay due to illness, on the condition that you provide a doctor's certificate, or due to a natural disaster, pandemic, terrorist attack or other situation that puts your safety at risk. If you are not able to inform the RIA yourself please make sure that a third person gets in contact.

### Taking part in the Erasmus programme multiple times

You may go abroad with the Erasmus programme (for study and/or placements/internships) during each phase of study, i.e. during your Bachelor's degree, Master's degree and PhD, for a maximum of 12 months. In certain degree programmes (Lehramt, Staatsexamen, Diplom), the maximum is 24 months. The minimum length of stay applies to each individual stay. Participation in the former Erasmus LLP programme also counts.

### Accreditation of course and examination achievements

The Erasmus programme is designed to ensure that course and examination achievements, which are obtained at your host university, can be accredited at your home university. You must apply for accreditation yourself. The relevant chairs/departments in conjunction with the relevant Examinations Committee are responsible for accreditation. We strongly recommend that you discuss what you intend to study with your Erasmus Departmental Co-ordinator, the accreditation commissioner and all affected professors and clarify in advance which achievements should be obtained while you are abroad (e.g. examinations, length of written assignments) so that they can be accredited at FAU. Agreements must be documented in writing in the Learning Agreement. [More information on the accreditation of courses is available here.](#)

### Internships/placements abroad

We recommend the Erasmus+ grant if you are doing a placement/internship (which you have organised yourself) lasting 2 months (60 days) or more. Erasmus grants are not available for shorter placements/internships. [Please see for further information on internships abroad here.](#) [There are specific conditions for internships in partner countries.](#)

### Re-registration and leave

Please do not forget to re-register at FAU for the semesters, which you will be spending abroad. You must be enrolled at your home university in order to take part in the Erasmus programme. In addition, you can request leave for the appropriate semester/year. [The Student Records Office is responsible for this.](#)

### BAföG while abroad

Students who are entitled to BAföG funding are also entitled to this funding while studying abroad with the Erasmus programme. EU grants of up to 300 Euros per month are not included in calculations. [Further information on BAföG is available here.](#)
